

EmblemHealth

2024 HMO Formulary

(List of Covered Drugs)

PLEASE READ: THIS DOCUMENT CONTAINS INFORMATION ABOUT THE DRUGS WE COVER IN THIS PLAN.

24238, V11

This formulary was updated on 04/01/2024. For more recent information or other questions, please contact EmblemHealth Medicare HMO at **877-344-7364**, for TTY users, **711**, Monday to Sunday, 8 a.m. to 8 p.m., or visit emblemhealth.com/medicare.

Important Message About What You Pay for Vaccines - Our plan covers most Part D vaccines at no cost to you , even if you haven't paid your deductible. For more recent information or other questions, please contact EmblemHealth Medicare HMO at **877-344-7364**, for TTY users, **711**, Monday to Sunday, 8 am to 8 pm, or visit emblemhealth.com/medicare.

Important Message About What You Pay for Insulin - You won't pay more than \$35 for a one-month supply of each insulin product covered by our plan, no matter what cost-sharing tier it's on even if you haven't paid your deductible.

List of Covered Drugs for:

- EmblemHealth HMO Employer Group 4 Tier

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to “we,” “us,” or “our,” it means Health Insurance Plan of Greater New York (HIP). When it refers to “plan” or “our plan,” it means EmblemHealth Medicare HMO Employer Group

This document includes a list of the drugs (formulary) for our plan, which is current as of 04/01/2024. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on Jan. 1, 2025, and from time to time during the year.

What is the EmblemHealth Medicare HMO Employer Group 4-Tier Formulary?

A formulary is a list of covered drugs selected by our plan in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Our plan will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a plan network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the Formulary (drug list) change?

Most changes in drug coverage happen on January 1, but our plan may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow Medicare rules in making these changes.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs.** We may immediately remove a brand-name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand-name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand-name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
 - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can find information in the section below titled “How do I request an exception to the EmblemHealth Medicare HMO Employer Group 4-Tier Formulary?”.

Drugs removed from the market. If the Food and Drug Administration (FDA) deems a drug on our formulary to be unsafe or the drug's manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.

- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a generic drug that is not new to market to replace a brand-name drug currently on the formulary; or add new restrictions to the brand-name drug or move it to a different cost-sharing tier or both. Or, we may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits, and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a one-month supply of the drug.
 - If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand-name drug for you. The notice we provide you will also include information on how to request an exception, and you can find information in the section below entitled "How do I request an exception to the EmblemHealth Medicare HMO Employer Group 4-Tier Formulary?".

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2024 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2024 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 04/01/2024. To get updated information about the drugs covered by our plan, please contact us. Our contact information appears on the front and back cover pages.

Note: In the event of a mid-year, non-maintenance formulary change, the change is added to a comprehensive list of changes that have been made since the formulary was printed. The list of changes is included with the formulary booklet that is available online. New members receive a notice in the welcome kit with information on how to access the formulary or how to request one. Existing members can view the updated formulary by visiting us on the web at emblemhealth.com/medicare. The formulary that is posted on our website is updated.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular Hypertensive/Lipids.” If you know what your drug is used for, look for the category name in the list that begins on page 1. Then, look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page Index 1. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Our plan covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand-name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Our plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from our plan before you fill your prescriptions. If you don't get approval, our plan may not cover the drug.
- **Quantity Limits:** For certain drugs, our plan limits the amount of the drug that we will cover. For example, our plan provides 30 tablets per prescription for JANUVIA®. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, our plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B

both treat your medical condition, our plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, our plan will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 1. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask our plan to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, “How do I request an exception to the EmblemHealth Medicare HMO Employer Group 4-Tier Formulary?” on page iv for information about how to request an exception.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Customer Service and ask if your drug is covered.

If you learn that our plan does not cover your drug, you have two options:

- You can ask Customer Service for a list of similar drugs that are covered by our plan. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by our plan.
- You can ask us to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to EmblemHealth Medicare HMO Employer Group 4- Tier Formulary?

You can ask our plan to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.

- You can ask us to cover a formulary drug at a lower cost-sharing level, unless the drug is on the specialty tier. If approved, this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, our plan limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, our plan will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug, or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary, tier, or utilization restriction exception. **When you request a formulary, tier, or utilization restriction exception, you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan, you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

If you are a current member in our plan and you experience a change in the level of care, such as an admission or discharge from the long-term care facility, we will provide you with one-time temporary supply of your medications, as needed, to assist with your transition to the new level of care.

For more information

For more detailed information about your EmblemHealth Medicare HMO Employer Group 4-Tier prescription drug coverage, please review your Evidence of Coverage and other plan materials.

If you have questions about our plan, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

If you have general questions about Medicare prescription drug coverage, please call Medicare at 1-800-MEDICARE (1-800-633-4227) 24 hours a day/7 days a week TTY users should call 1-877-486-2048. Or, visit <http://www.medicare.gov>.

EmblemHealth Medicare HMO Employer Group 4-Tier Formulary

The formulary that begins on page 1 provides coverage information about the drugs covered by our plan. If you have trouble finding your drug in the list, turn to the Index that begins on page Index 1.

The first column of the chart lists the drug name. Brand-name drugs are capitalized (e.g., SYNTHROID) and generic drugs are listed in lower-case italics (e.g., *levothyroxine*).

The information in the Requirements/Limits column tells you if our plan has any special requirements for coverage of your drug.

Below is a list of abbreviations that may appear on the following pages in the Requirements/Limits column that tells you if there are any special requirements for coverage of your drug.

List of Abbreviations

B/D PA: This prescription drug may be covered under Medicare Part B or D depending upon the circumstances. Information may need to be submitted describing the use and setting of the drug to make the determination.

ED: Enhanced Drug. This prescription drug is not normally covered in a Medicare prescription drug plan. The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage). In addition, if you are receiving extra help to pay for your prescriptions, you will not get any extra help to pay for this drug.

LA: Limited Availability. This prescription may be available only at certain pharmacies. For more information, please call Customer Service EmblemHealth Medicare HMO at 877-344-7364, for TTY users, 711, Monday to Sunday, 8 am to 8 pm, or visit emblemhealth.com/medicare.

MO: Mail-Order Drug. This prescription drug is available through our mail-order service, as well as through our retail network pharmacies. Consider using mail order for your long-term (maintenance) medications (such as high blood pressure medications). Retail network pharmacies may be more appropriate for short-term prescriptions (such as antibiotics).

PA: Prior Authorization. The plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval before you fill your prescriptions. If you don't get approval, we may not cover the drug.

QL: Quantity Limit. For certain drugs, the plan limits the amount of the drug that we will cover.

ST: Step Therapy. In some cases, the plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.

LDS: Limited Day Supply. For certain drugs, the plan limits the days' supply we will cover to one month at a time.

V: The vaccine is provided to adults at no cost when used based on recommendations by the Centers for Disease Control and Preventions (CDC) Advisory Committee on Immunization Practices (ACIP).

Please refer to the below for information about the different tier levels listed in this formulary:

Copay Tier-Type of drug	Includes
Tier 1- Generic	Lowest-cost tier. Most generic drugs on the formulary are included in this tier.
Tier 2 - Preferred Brand	This tier contains a combination of preferred brand drugs and certain generics.
Tier 3- Non-Preferred Drug	This is your highest-cost tier that includes non-preferred and specialty generic and brand drugs. Some drugs on this tier may require special handling.
Tier 4- Select Care Drugs	Zero-dollar (\$0) cost tier. This tier includes limited drug categories (i.e., certain high blood pressure, high cholesterol, vaccines, and oral diabetic drugs).

Please refer to your plan Benefit Summary about how the plan's cost-sharing relates to the different tier levels listed in this formulary for a one-month supply of a drug. If you are eligible for "Extra Help" or "Low-Income Subsidy" (LIS), some of the information in these tables about the cost of Part D prescription drugs may not apply to you. We will send you a separate insert, called the "Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs" (LIS rider), which tells you about your drug coverage. If you don't have this insert, please call Customer Service at the numbers listed above and ask for the "Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs" (LIS rider).

Please Note: Employer Group Waiver Plan (EGWP) please refer to your Cost Sharing Guide or contact Customer Service for benefit details and cost sharing amounts.

Drug Name	Drug Tier	Requirements/Limits
AQUASOL A INTRAMUSCULAR SOLUTION	3	MO; ED
ASCOR INTRAVENOUS SOLUTION	3	ED
<i>ascorbic acid (vitamin c) injection solution</i>	1	ED
<i>b complex 100 injection solution</i>	1	ED
<i>b-complex injection injection solution</i>	1	ED
<i>cyanocobalamin (vitamin b-12) injection solution</i>	1	MO; ED
<i>cyanocobalamin (vitamin b-12) nasal spray,non-aerosol</i>	1	MO; ED
<i>dodex injection solution</i>	1	ED
DRISDOL ORAL CAPSULE	3	ED
<i>ergocalciferol (vitamin d2) oral capsule 1,250 mcg (50,000 unit)</i>	1	MO; ED
FERAHEME INTRAVENOUS SOLUTION	3	MO; ED
<i>ferumoxytol intravenous solution</i>	1	MO; ED
<i>fluoride (sodium) oral tablet</i>	1	MO
<i>folic acid injection solution</i>	1	MO; ED
<i>folic acid oral tablet 1 mg</i>	1	MO; ED
<i>hydroxocobalamin intramuscular solution</i>	1	ED
INFED INJECTION SOLUTION	3	MO; ED
INFUVITE ADULT INTRAVENOUS SOLUTION	3	MO; ED
INFUVITE PEDIATRIC INTRAVENOUS SOLUTION	3	ED
INJECTAFER INTRAVENOUS SOLUTION 100 MG IRON/2 ML	3	ED
INJECTAFER INTRAVENOUS SOLUTION 50 MG IRON/ML	3	MO; ED
MECOBALAMIN (VITAMIN B12) INJECTION RECON SOLN	3	ED
MONOFERRIC INTRAVENOUS SOLUTION	3	MO; ED
NASCOBAL NASAL SPRAY,NON-AEROSOL	3	MO; ED
NEONATAL FE ORAL TABLET	3	ED
PHYSICIANS EZ USE B-12 INJECTION KIT	3	ED
<i>prenatal vitamin oral tablet</i>	1	MO
