EmblemHealth Standard Option Plan

With this in-network plan, you can get care from our large network of quality doctors, including specialists, without a referral. A network is a group of health care professionals and facilities that contract with EmblemHealth. They provide covered products and services to members. No referral means you don't need permission from your doctor to see a specialist.

In most cases, a copay will be your only out-of-pocket cost. A copay is the amount you pay for health services each time you use them.
