Important Questions	Answers	Why this Matters:
What is the overall <a href="#">deductible</a> ?	\$0	See the Common Medical Events chart below for your costs for services this <a href="#">plan</a> covers.
Are there services covered before you meet your <a href="#">deductible</a> ?	In network medical and hospital services are not subject to a deductible.	This <a href="#">plan</a> covers some items and services even if you haven't yet met the <a href="#">deductible</a> amount. But a <a href="#">copayment</a> or <a href="#">coinsurance</a> may apply. For example, this <a href="#">plan</a> covers certain <a href="#">preventive services</a> without <a href="#">cost-sharing</a> and before you meet your <a href="#">deductible</a> . See a list of covered <a href="#">preventive services</a> at <a href="https://www.healthcare.gov/coverage/preventive-care-benefits/">https://www.healthcare.gov/coverage/preventive-care-benefits/</a> .
Are there other <a href="#">deductibles</a> for specific services?	No	You don't have to meet <a href="#">deductibles</a> for specific services.
What is the <a href="#">out-of-pocket limit</a> for this <a href="#">plan</a> ?	For in network providers \$6,850 Individual / \$13,700 Family. Accumulates calendar year.	The <a href="#">out-of-pocket limit</a> is the most you could pay in a year for covered services. If you have other family members in this <a href="#">plan</a> , they have to meet their own <a href="#">out-of-pocket limits</a> until the overall family <a href="#">out-of-pocket limit</a> has been met.
What is not included in the <a href="#">out-of-pocket limit</a> ?	Premiums, penalties, balanced-bill charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the <a href="#">out-of-pocket limit</a> .
Will you pay less if you use a <a href="#">network provider</a> ?	Yes. See <a href="http://www.EmblemHealth.com">www.EmblemHealth.com</a> or call 1-800-447-8255 for a list of participating providers in the Prime Network.	This <a href="#">plan</a> uses a <a href="#">provider network</a> . You will pay less if you use a <a href="#">provider</a> in the <a href="#">plan's network</a> . You will pay the most if you use an <a href="#">out-of-network provider</a> , and you might receive a bill from a <a href="#">provider</a> for the difference between the <a href="#">provider's</a> charge and what your <a href="#">plan</a> pays ( <a href="#">balance billing</a> ). <b>Be aware, your <a href="#">network provider</a> might use an <a href="#">out-of-network provider</a> for some services (such as lab work). Check with your <a href="#">provider</a> before you get services.</b>
Do you need a <a href="#">referral</a> to see a <a href="#">specialist</a> ?	Yes. A referral is required to see a specialty care provider (SCP).	This <a href="#">plan</a> will pay some or all of the costs to see a <a href="#">specialist</a> for covered services but only if you have a <a href="#">referral</a> before you see the <a href="#">specialist</a> .

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.
